Functionality in Emergency Situations for Voice and Broadband Services

Back-Up Power

K & M Telephone Company, Inc. (herein after the "Company") has reasonable back-up power to keep equipment functioning during commercial electrical power interruptions for both switching services and broadband services. Central offices have stand-by generators that come on-line automatically if power is interrupted. Remote equipment cabinets and huts have battery supplied power that will keep the equipment operational until portable generators can be deployed. An adequate number of portable generators are maintained to cover a widespread power outage.

Rerouting of Traffic around Damaged Facilities

The Company will be able to reroute traffic around damaged facilities. Connecting companies have redundant routing for signaling and trunk traffic. The Company has plans in place to repair local facilities in a timely manner to restore traffic capability. The same facilities service both the voice and broadband services to the customer.

Traffic Spikes

The Company's switching and transport equipment has sufficient capacity to handle any unexpected spike in traffic. Trunking capacity has been installed at the capacity of normal engineering practices. The switching equipment has a very significant reserve of unused capacity. The Company also has redundant data circuits to handle broadband traffic spikes including a data circuit with approximately 30% reserve capacity at peak usage.

K & M Telephone Company, Inc.

Lifeline Terms and Conditions

K & M Telephone Company, Inc. (K&M) offers Lifeline program-supported service to qualified low-income residential consumers. The federal Lifeline and The Nebraska Telephone Assistance Program (NTAP) assistance reduces the cost of basic, monthly local telephone service by $3.50. The federal Lifeline program reduces costs of telephone or broadband internet access service (BIAS) by $9.25. Eligible consumers can receive up to $12.75 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in the programs. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. In addition, by choosing this option, consumers are usually not charged a deposit.

The Nebraska Public Service Commission administers NTAP and the federal Lifeline program.

Program Service

K&M Voice NTAP and federal Lifeline Program services include unlimited local minutes-of-use within the toll-free calling area. K&M Voice NTAP and federal Lifeline Program does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the service, Toll blocking is available to eligible consumers at no cost.

BIAS minimum speed and usage allowance standards are required for the service to qualify.

Lifeline recipients may transfer the Lifeline benefit to a new company once every sixty days for telephone service and once every 12 months for BIAS.

Subscribers may receive the NTAP and federal Lifeline Program credit on any type or grade of local service, including bundled services that are normally offered by K&M. The federal Lifeline program credit is also available on BIAS. Advertised rates do not include any applicable taxes or surcharges.

Recertification of NTAP Eligibility

Service recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for service will result in termination of the service recipient's monthly service discount and de-enrollment from service.

Additional NTAP Program Information

NTAP and the federal Lifeline program are limited to one benefit per household. A household is defined as an individual or group of individuals who live together at the same address and share income and expenses. NTAP and the federal Lifeline Program are government benefit programs, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.
